Bishop, Timothy, House (CONN-276)

Structure

South side of Elm between Orange and State Streets. Two-and-one-half story, five bay frame house of Federal mansion style with two-story tetrastyle prostyle Ionic portico flanked by pilasters. Erected 1816; addition of rear brick wing in 1929. Stairway across front leads to basement; basement windows, entrance added when Elm Street was lowered c. 1917. Design and building have been attributed to David Hoadley, carpenter-architect.
